4. Enter your email address

On the next screen, enter the email address that the school already holds on record for you, and click 'Activate account'.

A screenshot of the 'Horndean Technology College' parent portal. The page has a dark blue header with the college name. Below the header, the main content area is white. On the left, under the heading 'Activate account', there is a 'Parent Login' section. It asks the user to 'enter your e-mail address' and shows a text input field containing 'parent@myemail.com'. Below the input field is a blue 'Activate account' button and a 'Log in' link. On the right side of the page, under the heading 'Or log in with', there are two options: 'Network login (AD)' and 'External Login', each with a corresponding icon. At the bottom right of the page, there is a 'firefly' logo.

5. Check your email

The parent portal will then send you an email. Please check your junk filters if you do not receive the email.

6. Click the link that appears in your email

Hi Paul Parent

To access your new account and set a password, please use the link below:

7. Create and confirm a password

The password is one of your own choosing. You can be reminded of it or change it at any time.

8. Choose Activate Account

You will be logged on to the parent portal. The next time you log on with your parent account, simply use your email and the new password you have just created.
